EXPERIENCE

COUONE TECHNOLOGY, Abeokuta — SIWES

MARCH 2020 - DEC 2020

During my Student Industrial Work Experience Scheme, I learned Python programming language and its popular framework, Django, and I was able to build a couple of websites with it.

HASHNODE, Freelance — *Technical writer*

April 2021 - DATE

Responsible for creating technical content on the Hashnode blogging platform for others to read and learn from.

EDUCATION

FEDERAL POLYTECHNIC BIDA, Niger state—National Diploma

March 2019 - 2021

While I studied computer science in school, I worked on the basics of HTML, CSS, and JAVASCRIPT that I was taught and I was able to develop a personal portfolio website with them. Also, I got to learn some fundamental and essential knowledge in Programming like Data structure and Analysis, writing Algorithms, and the likes.
